CREATURE CREATURE

Creature Creature is an artist duo based in Melbourne comprising of Chanel Tang and Ambrose Rehorek. They have a collaborative art practice that spans across exhibiting art, murals, street art, design, and illustration.

Their combined style is a convergence of Asian aesthetics and iconography with a Western perspective, resulting in works brimming with contrast and fluidity. The work embodies the concept of duality and the sum of a whole, emphasising messages of togetherness, states of balance, yin and yang.

Through their partnership, they aim to preserve diversity and create expressions that are complex, layered, and interconnected, celebrating the beauty of unity.

A contemporary Australian Gothic fable. A young couple move from suburban Melbourne to live on a houseboat in remote Tasmania with their newborn baby. They think they've found paradise. But life on the river is less than idyllic. The strain and isolation of their new living situation pressurises their relationship dynamic. Enter the mysterious, charismatic Rocko - a man claiming to be their neighbour. Each of the couple are enchanted by Rocko; seduced by his attention and ability to reflect and affirm their secret yearnings. But Rocko is a shapeshifter - a carnivorous water rat, whose only desire is to steal and eat their baby.

 Nominated for Best Theatre (Melbourne Fringe 2023)
